Ministry of Environment, Climate Change and Technology

Male', Republic of Maldives

Answers to questions received with reference to Announcement Number (IUL)438-
CCD/438/2023/447 dated 12th September 2023, Consultancy Service for Enhancing
Knowledge Management Capabilities and Functionality of the Ministry's Website – Phase 1

18th September 2023

Please find below answers for clarification for the above bid.

1. We would like to clear a doubt regarding the TOR for the above tender. In the annexed tech form 3 letter of commitment, the first paragraph mentions offering services as a “GHG Inventory Expert”. We would like to clear up whether it is by mistake, since the tender requires services as a web developer as the key expert instead of a GHG Inventory Expert.

It's a mistake. First paraph should be read as follows;

I am writing to confirm my availability to provide services as _____
to the Consultancy Service for Enhancing Knowledge Management Capabilities and
Functionality of the Ministry's Website – Phase 1 for the Ministry of Environment,
Climate Change and Technology.
