Announcement Reference No: (IUL)438-ENV/438/2024/299

INVITATION FOR BIDS

Consultancy for the development of a Feasibility Assessment for H.Dh Keylakunu Ecotourism Project

The Government of the Republic of Maldives through the Ministry of Climate Change, Environment and Energy and the Ministry of Tourism is working to implement an exclusive tourism project targeted towards the Northern Region (Bodu Thiladhunmathi) of the Maldives and is seeking to develop and establish an eco-tourism project on H Dh. Keylakunu. Prior to concept development, given the unique, pristine ecological characteristics of the island, in order to gain a better understanding of the island's natural ecosystem and evaluate the practicality of developing an ecotourism concept, a feasibility assessment is essential to determine the appropriate scale of development. Hence, the Ministry of Climate Change, Environment and Energy is seeking to procure the services of a consultant firm to carry out an extensive feasibility assessment and produce a report based on the findings to decide on the viability of tourism development for the island under the project "[Consultancy for the Development of a Feasibility Assessment for H.Dh Keylakunu Ecotourism Project]". The Ministry now invites sealed bids from eligible and qualified bidders for this project.

A complete set of the bidding documents and related documentation is available on the website of Ministry of Climate Change, Environment and Energy www.environment.gov.mv for downloading. It is also attached with this advertisement.
