## **INVITATION FOR BIDS**

### **Development of a Public Awareness Campaign on Energy Efficiency Standards and Labeling Program in the Maldives (First Announcement)**

The Ministry of Environment (ME) has received financial assistance from Global Environment Facility (GEF) administered by the United Nations Environment Programme (UN Environment) to reduce greenhouse gas (GHG) emissions through energy efficiency in the building sector under the project Strengthening Low Carbon Energy Island Strategies (LCEI) and intends to conduct an awareness campaign aimed for the public regarding energy efficiency standards and labeling.

The LCEI Project, is designed with a goal of market transformation for energy efficient technologies in buildings and the built environment in the Maldives; and promotion of energy efficiency investments in buildings. The project will not only target energy efficient technologies, but will also promote emerging low carbon energy technologies for the building sector.

Ministry invites eligible consultants to submit proposals according to the TOR. The detail TOR for the consultancy is available to download from the ministry's website ([www.environment.gov.mv](http://www.environment.gov.mv)) and also can be directly downloaded from this announcement.
